

**supermod.** *Lund*

# lund.

The Lund comes in either a 24' x 24' 575 square foot two car garage or a 12' x 24' 288 square foot one car garage configuration. The Lund will be delivered and installed onto your exterior footing wall and ready to use the same day. With metal standing seam roofing, solar ready 100 or 200 amp panel, and the siding of your choice the Lund is a perfect option for a garage with minimal onsite work and quick completion.

# 1010.
